

# 100 SAFEST DAYS

## Make summer roads safer for young drivers

Meaningful change on the streets, roads, and communities doesn't happen in isolation. To truly shift driving behavior and create safer roads, we need partners, leaders, individuals, and communities to come together and take action. Your support helps fuel rewards that turn safer driving into real-world impact—one safer drive at a time.

**7,316**

people died in teen-driver crashes during summer months between 2012 & 2022

**812**

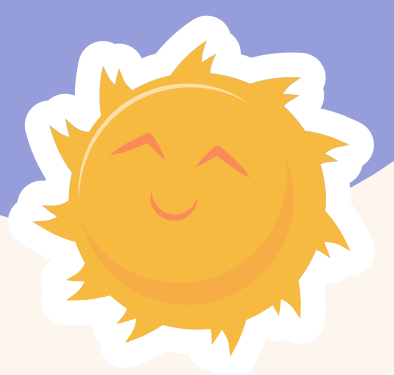

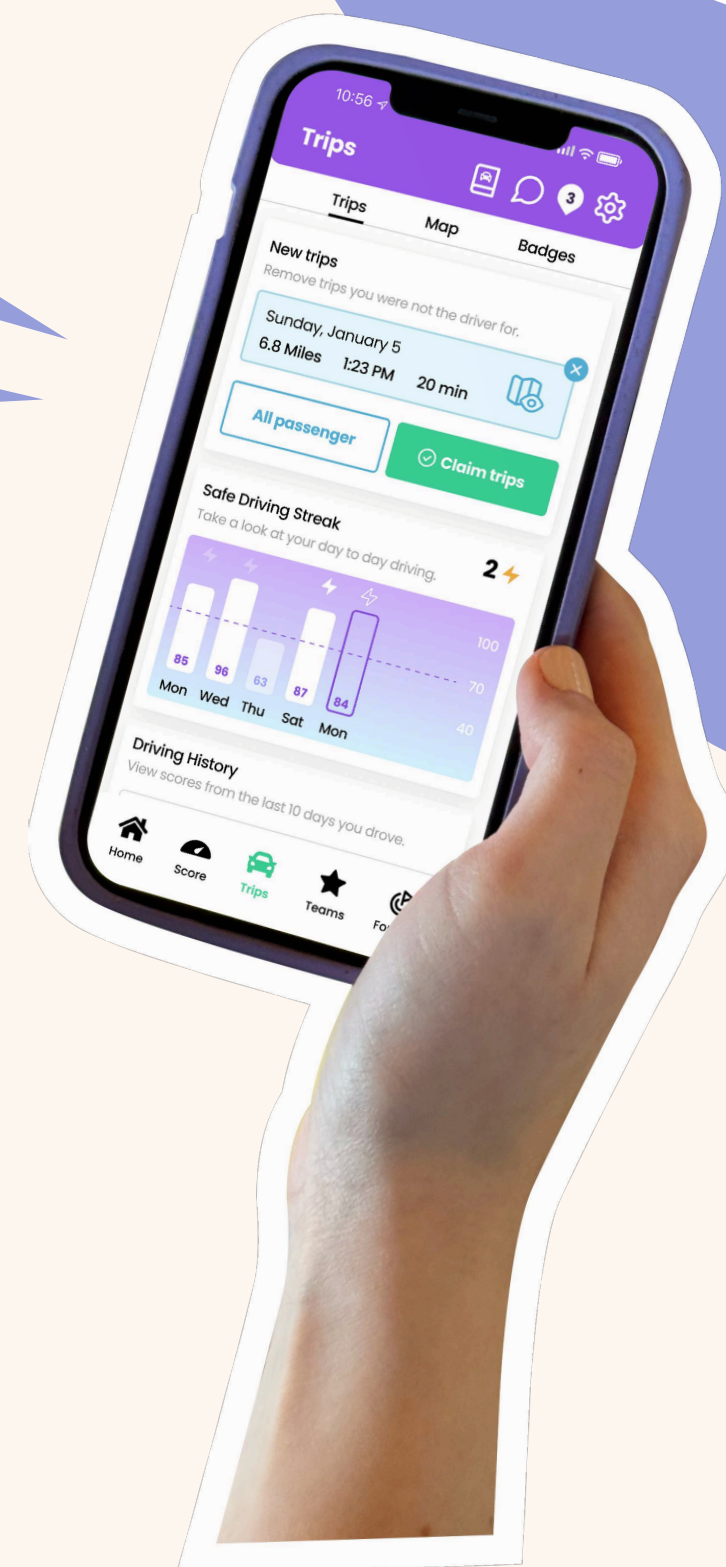

average lives lost each year

**8**

people dies everyday during the '100 Deadliest Days' of summer

**We have the solution, with your help, we can reverse this trend.**

Fuel rewards for young drivers

**Become a community leader in road safety—get involved today.**
